The **Michigan Energy Innovation Business Council (Michigan EIBC)** is a business trade association representing advanced energy companies doing business in Michigan. Michigan EIBC's mission is to grow Michigan's advanced energy economy by fostering opportunities for innovation and business growth and offering a unified voice in creating a business-friendly environment for the advanced energy industry in Michigan.

Michigan EIBC serves the objectives of our member companies by strengthening Michigan's network of advanced energy businesses, engaging the public and policymakers around policy and regulatory initiatives, creating partnerships to expand business opportunities, and advancing energy innovation.

Business led. Business driven.

As Michigan's only multi-sector advanced energy business association, Michigan EIBC member companies define and drive our priorities, allowing us to bring an authentic business voice to the public discussion and policy debate.

Michigan EIBC member companies are united around a common goal: making Michigan a regional and global hub for advanced energy innovation, production, manufacturing, and deployment.

Michigan EIBC represents companies across the full range of advanced energy industries, including:

- Advanced materials
- Batteries and energy storage
- Combined heat-and-power
- Biomass and biofuels
- Demand response
- Electric vehicles and mobility
- Energy efficiency
- Lighting
- Performance contracting
- Smart grid/ grid modernization
- Solar
- Wind
